

Tutorial Automotive Engineering Summer Term 2024

TECHNISCHE
UNIVERSITÄT
DARMSTADT

General information

Within the Tutorial for Automotive Engineering the lecture contents from the FZD-lectures are applied to driving experiments on the Griesheim Airfield. Attendance of the automotive lectures is not strictly mandatory, but strongly recommended.

The Tutorial for Automotive Engineering consists of **three** experiments. **Every experiment** will be conducted by every student and every student has to perform the analysis of the data for **one experiment** and write a scientific report.

Organisation

Dates

Kick-Off	Wed, 05.06.2024 13.00 – 15.00
Delivery of Pre-Reports	Mo, 01.07.2024
Experiments	Tue, 16.07.2024 09.00-17.00
Delivery of Final Reports	Thu, 25.07.2024
Return of Final Reports	Wed, 31.07.2024
Colloquium	Fri, 02.08.2024 09.00 – 17.00

Registration

- Between **Mon, 01.04.2024** and **Tue, 30.04.2024** by mail (malte.schrimpf@tu-darmstadt.de).
- The notification of the participants will be on **Fri, 03.05.2024**.
- Registration is compulsory. Non-appearance at the virtual Kick-Off results in a failed exam.
- If more than 16 participants apply to the tutorial, the lot decides. According to the experience of the past years, every registered student receives a place in the tutorial.
